

Saturday, June 23

BREAKFAST 07:30-08:45

- 1st Morning Session Chair: Attila Gilányi
- 09:00–09:20 Teresa Rajba: A problem on Bernstein polynomials and convex functions and related results
- 09:25–09:45 László Horváth: Generalization of an operator Jensen's inequality to normal operators
- 09:50–10:10 Mirosław Adamek: On Jensen-type inequalities for F-convex functions

Coffee Break 10:15-10:45

- 2^{nd} Morning Session Chair: László Horváth
- 10:45–11:05 Mihály Bessenyei: Applications of the renorming technique
- 11:10–11:30 Witold Jarczyk: Simultaneous difference equations on a restricted domain
- 11:35–11:55 Zoltán Boros: Higher order differences of multiadditive mappings

LUNCH 12:15-13:30

- $1^{\mbox{\tiny ST}}$ Afternoon Session Chair: Janusz Morawiec
- 15:00–15:20 Gergely Kiss: Derivations and differential operators on rings and fields
- 15:25–15:45 Maciej Sablik: Exponential polynomials revisited
- 15:50 Problems and Remarks
- Coffee Break (Scientific Committee meeting) 16:15–16:45
- 16:45 Closing of the Symposium Chair: Roman Ger

DINNER 18:00–19:30
